### POLICY STATEMENT

This policy outlines the broad objective (rationale) of the document.

It is the role of the OneSchool Global TAS Ltd Board to provide appropriate dissemination of the Code of Conduct as well as the timely in-servicing of all employees.

#### B. District Principal

The District Principal in conjunction with the Chairman of the Board is delegated with the responsibility of ensuring adherence to the Code of Conduct by all stakeholders

#### C. Stakeholders

## CODE OF CONDUCT

The following sets out in practical terms the active implications of employees undertaking to support the Brethren ethos of the school, and should be read in conjunction with other OneSchool Global TAS Policies and Procedures.

### A. Lawful and Reasonable Directions

- Employees must comply promptly, conscientiously and effectively with all lawful and reasonable decisions and directions given by a person having authority to give such directions.
- Employees must not knowingly or deliberately impede compliance with, or implementation of, a lawful and reasonable decision or direction.
- When making decisions or giving directions, employees must act within their legal and organisational responsibilities and delegations. Employees must make what they believe to be competent decisions and give fair and reasonable guidance and directions

### B. Professionalism and Ethical Conduct

- In the course of their employment, employees must act in a professional and respectful way that enhances their professional reputation and the reputation of OneSchool Global TAS. Employees should be aware that personal conduct and lifestyle outside of normal working hours can reflect either positively or adversely on OneSchool Global and therefore they should act appropriately in the presence of students at all times, both within and outside school hours. At all times employees should conduct themselves in a manner that does not bring OneSchool Global into disrepute.
- Employees must treat fellow employees, students and others within their work environment with the respect and dignity that all deserve.
- Employees whose work involves interacting with students have a special responsibility to comply with duty of care requirements and not to be engaged in inappropriate behaviour such as illegal, anti-social, scandalous or disreputable activities which may negatively impact on them being seen as appropriate role models for those students.
- Employees must be cognisant of the policies, procedures and delegations that are applicable to their actions. The District Principal and Board must make relevant information available to staff. Employees are required to read and ensure that they understand policy documents issued to them or circulated to them. Employees who are uncertain about any aspect of policies, procedures and delegations which apply to them should examine the relevant information and seek advice from the District Principal and/or Board via the CA Team. This includes information contained in school policies, procedures, practices and forms all available on the School Learning Management System (CANVAS).
- Employees must uphold and comply with:
  - Applicable Commonwealth, State and local laws, regulations, industrial awards and agreements;
  - Applicable professional standards and codes of practice that do not conflict with government or OneSchool Global policy; and
  - OneSchool Global TAS and government directives, policies and procedures.

- Employees must take responsibility for and support official decisions made by those with authority delegated by the Board of OneSchool Global TAS.
- Employees must act promptly in reporting breaches of the law, OSG policies, government policies and directives, as well as misconduct and maladministration under the Code of Conduct, to the District Principal and/or Board via the CA Team.
- Employees are expected to always behave in ways that promote the safety, welfare and well-being of students, fellow employees and others in the workplace environment in accordance with relevant occupational, health and safety legislation.
- Employees must perform their work duties competently and responsibly, with a focus on delivering or supporting high quality educational services to students.
- Employees must maintain currency of their professional competence through appropriate professional development or learning experiences.
- Employees must maintain the accuracy, integrity and appropriate confidentiality of all information used in their professional dealings at OneSchool Global TAS.
- Employees must only take leave of absence from their work duties and from the work site when authorised to do so.
- Dress, personal appearance and hygiene are important elements of professional presentation. Employees must ensure that their personal appearance and presentation are clean, tidy and appropriate for their work role in accordance with the expectation of the School.
- Employees must ensure that OneSchool Global resources are not used improperly. These resources include financial and material resources as well as intellectual, information, system and knowledge resources related to the work of OSG TAS. Work time is also a valuable resource that must be managed effectively to create productive outcomes. All intellectual property created by employees in the course of their duties remains the property of the School.

### C. Duty of Care

- Duty of care is essentially a duty to do everything reasonably practicable to protect others from foreseeable harm. While this applies in all aspects of an employee's work, it is particularly important for those employees who have interaction with and responsibility for students.
- Teachers have a particular duty of care towards students. It arises out of what is known as a fiduciary relationship, that is, a relationship based on trust. Such positions are bound by two ethical principles:
  - Non-malefeasance – the responsibility to cause no harm to self or others; and
  - Beneficence – to actively promote the good of self and others.
- All students have a basic and expected right to a physical and emotional environment that is free from unreasonable risk of harm. Harm includes any significant detrimental effect to the student's physical, psychological or emotional well-being by any cause and includes minor harm that is cumulative in nature and which would result in a detrimental effect of a significant nature to the student if allowed to continue. Amongst other things, harm can be caused by:
  - Physical, psychological or emotional abuse or neglect; or
  - Sexual abuse of exploitation; or
  - Domestic or family violence; or
  - Student bullying; or
  - One's own actions.

Employees are referred to the *Children, Young Persons & Their Families Act 1997* [https://www.dhhs.tas.gov.au/children/child\\_protection\\_services/children\\_young\\_persons\\_and\\_their\\_families](https://www.dhhs.tas.gov.au/children/child_protection_services/children_young_persons_and_their_families) as mandated reporters of child abuse and neglect.

- Employees must actively seek to maintain a physically safe teaching environment for students in accordance with the *Workplace Health and Safety Act 2012*. <https://www.legislation.tas.gov.au/view/html/inforce/current/act-2012-001>
- Employees must take reasonable steps to prevent harm to students and to support students who have been harmed.

### D. Psychological Harm

- Employees must not behave in ways that a reasonable person would consider to be offensive, intimidating, humiliating or threatening. Such conduct might include, but not be restricted to: targeting students with unfair and continued criticism; making excessive or unreasonable demands of others; and the making of, either oral or written (including electronic communication), derogatory comments to students, parents, work colleagues or the general public. Should such unacceptable behaviour occur, then all recipients of such behaviour have recourse to the processes contained within the school's *Grievance Resolution Policy & Procedure*.

### E. Physical Contact with Children and Adults

- Employees must not engage in conduct that could physically harm a student or another adult and this should be noted especially in cases involving disciplinary action.
- Corporal punishment is prohibited at OneSchool Global TAS.
- There may be occasions, however, where physical intervention is appropriate in order to protect students, self and others. In these circumstances this would be deemed reasonable action providing that the physical intervention is to prevent harm or further harm to students and that the employee seeks to avoid inflicting physical harm where possible. The physical intervention would need to be proportionate to the circumstances.

### F. Sexual Conduct

- Employees' interactions with students must be, and be seen to be, professional at all times.
- Employees must not attempt to sexualise a relationship with a student. To do so is a breach of trust, an abuse of authority, professional misconduct, immoral and criminal. Failure by the other person to reject such conduct does not necessarily imply meaningful consent for in law, a minor cannot consent.
- Employees must not provide or exchange personal contact details such as telephone numbers or email addresses with students, unless there are specific work-related reasons. Similarly, employees must not enter into unauthorised electronic communication with students.
- The following behaviour constitutes either misconduct or sexual misconduct:
  - Unwarranted and inappropriate touching of students;
  - Suggestive remarks or action of a sexual nature;
  - Sexual exhibitionism;
  - Obscene gestures, language, jokes containing sexual references or deliberately exposing students to the sexual behaviour of others in any form, other than in the case of prescribed curriculum material in which sexual themes are contextual;
  - Inappropriate conversations of a sexual nature;
  - Comments that express a desire to act in a sexual manner;
  - Personal correspondence (including electronic communication) with a student in respect of the adult's sexual feelings for a student;
  - Deliberate exposure to students of sexual behaviour of others including display of pornographic material;
  - Flirtatious behaviour directed at a student;
  - Dating a student;
  - Spending significant time alone with a student other than to perform one's professional duties, or without other reasonable explanation; or
  - Expressing romantic feelings towards a student in any way.

- Sexual misconduct can also include grooming behaviour. Grooming behaviour is a process whereby sexual offenders condition and build rapport with children or young persons in order to reduce their resistance to, and increase compliance with, sexual abuse. The grooming process can include:
  - Misleading students by pretending to them that they are special, for example by spending inappropriate time with students, inappropriately giving gifts, showing special favours to certain students but not to other students, allowing students to overstep the accepted school rules;
  - Breaking of accepted school standards of behaviour, for example undressing in front of students, allowing students to sit on their lap, talking about sex, apparently accidental touching; or
  - Engaging in inappropriate, personalised forms of communication.
- Employees must discourage and reject any advances of a sexual nature initiated by a student. Should such a situation arise then employees must report such instances immediately to the District Principal to assist in preventing repetition and avoiding subsequent allegations. Allegations will be investigated thoroughly and may involve the Police.
- Employees and especially teachers, should have read and understood the Teacher's Registration Board of Tasmania's guidelines in relation to professional boundaries – [\*Professional Boundaries - Guidelines for Tasmanian Teachers\*](#).

## **G. Discrimination and Harassment**

- It is the responsibility of each employee to ensure that no student or adult is discriminated against on the basis of age, disability, family responsibilities, gender/sex/sexual orientation, irrelevant medical/criminal record, marital/relationship or parental status, political/industrial belief or activity, pregnancy, race/ethnicity, or religious belief/activity.
- OneSchool Global TAS employees are committed to providing workplaces free of all forms of discrimination, victimisation and harassment. Common types of harassment include:
  - Intimidatory harassment;
  - Bullying; and
  - Sexual harassment.
- Employees must not discriminate against, victimise or harass any colleague, student or parent, nor discriminate in how services are provided to the community. All employees have the responsibility to act fairly and evenly towards other employees, students and the general public in accordance with OSG policies and relevant legislation including the *Tasmanian Anti-Discrimination Act 1998*, and the Federal Government's *Equal Employment Opportunity Act 1987*, *Sex Discrimination Act 1994* and *Disability Discrimination Act 1992*.
- Discrimination, victimisation or harassment will not be tolerated and will be dealt with in accordance with existing policies. It should be noted that following the receipt and thorough investigation of an allegation of discrimination, victimisation or harassment against an individual, there is the potential for the laying of criminal charges in cases where the allegation has been sustained.

## H. Use of Tobacco, Alcohol, other Drugs and Medication

- Smoking is not permitted in school facilities and grounds. Similarly, smoking is not permitted whilst staff members have direct responsibility for or contact with students.
- Employees have an occupational health and safety obligation, in accordance with the *Workplace Health and Safety Act 1995*, to ensure that their use of alcohol and drugs, whether illicit, proscribed, over-the-counter or prescribed as medication, does not adversely affect their work performance or endanger the health and safety of others.
- The illicit use of drugs at any time within a professional context, particularly in association with the supervision of students, is strictly prohibited.
- Employees suffering from a drug or alcohol problem that adversely affects their work performance must actively seek professional assistance to correct the problem.
- Employees must not provide students with alcohol and must not encourage or condone the illegal use of alcohol (including underage drinking) or the excessive consumption of alcohol.
- Employees should reasonably endeavour to avoid direct social contact with students where student consumption of alcohol or the illicit use of drugs occurs.
- Employees must not consume or be affected by alcohol and/or the illicit use of drugs in any circumstances where they are responsible for students. This includes excursions and other such activities.
- Employee consumption of alcohol is generally not permitted at any activity or event where students may be present such as fairs, barbecues, graduations and the like. However, in special circumstances where school authorities have authorised the serving of alcohol, have secured Licensing Commission permits as necessary and have set aside a clearly defined area for such purposes, the limited consumption of alcohol may be permitted.
- At the request of parents and with the agreement of appropriately trained employees, employees are authorised to administer prescribed medications in accordance with school-based policies and procedures. Employees must not provide students with non-prescribed medications or over-the-counter drugs without the appropriate authorisation of school authorities, nor encourage or condone student illicit use of drugs.

## I. Conflict of Interest

- A conflict of interest may exist when an employee's private interests have the potential to interfere with the proper performance of his/her work duties. A potential or actual conflict of interest must be identified, declared and avoided or resolved in favour of the public interest and should not be undertaken without the express permission of the District Principal or the Board of OneSchool Global TAS Ltd.
- It is understood that situations may occur where employees are working with family members or with persons with whom they develop close personal relationships. Where such relationships exist between employees or with prospective employees, then the potential for conflict of interest should be noted.
- As a general principle, all employees who participate in procedures for selection, granting of tenure, performance appraisal, termination or transfer of any person who is a family member or with whom they have, or have had, a close personal relationship should declare any potential conflict of interest.

However, the existence of a close personal or family relationship should not constitute a bar to the employment, promotion, granting of tenure or transfer of any individual.

- Employees should be aware that private part-time employment including tutoring which conflicts with, or compromises, employment with OneSchool Global TAS, may give rise to a conflict of interest. Employees should seek prior approval from the school District Principal for any such employment.
- Employees should be aware that receipt of gifts from those considered as part of the broad client base of the organisation (e.g. students/families in a school setting) may present the potential for a conflict of interest.
- In many cases only individual employees themselves will be aware of the potential for conflict. The onus therefore is on the individual in these cases to notify the appropriate supervisor of this potential.

## J. Privacy and Confidentiality

- As an employee of OneSchool Global TAS you may be entrusted with access to information of a sensitive nature to enable you to carry out your duties.
- Employees must ensure that confidential, private and sensitive information is handled carefully and that the integrity of such information is maintained at all times in compliance with relevant privacy legislation.
- In accordance with the school policy, an employee must not, after leaving employment with the school use confidential information obtained during the course of his/her employment for other work or non-work related purposes.

## **K. Use of School Resources**

- Employees must ensure that all school equipment, resources, and consumable items are used appropriately for the work and business of the school. Limited and occasional private use of school equipment and resources may occur providing it does not adversely affect the performance of the employee's work duties, or the work duties of others, or the business or reputation of the school. Examples of where this might occur include:
  - Limited, occasional and brief private telephone calls;
  - Limited and occasional use of a photocopier and/or scanner; or
  - Limited and occasional use of computers, email and internet subject to school policy on acceptable use by employees of ICT resources.
- Employees must ensure that school equipment is maintained and used in accordance with the manufacturer's requirements, and that all use is both safe and legal.
- Employees must have approval to use school equipment and resources off site for work purposes and must ensure that they are safely stored and secured.
- Employees must ensure that they do not breach copyright law or licensing arrangements when copying any school property such as software, library and reference materials, or copying other property for school use.
- Employees must not seek financial gain from work produced for the employer without the authorisation of the employer.
- Employees whose work duties involve purchasing or managing resources on behalf of the school must act within their delegated authority and comply with legislative requirements, policies and procedures for the purchase, use and disposal of any school resource.

## **L. Using School Internet, Intranet, Electronic Mail, and other means of Electronic Communication**

- Except for official purposes or in accordance with school policy, employees must not use school resources, including phones, the internet, electronic mail systems, or other means of electronic communication for:
  - Accessing, storing, or transmitting words, images or other material that is illegal, sexually explicit, violent or that a reasonable person would find offensive (this does not include material that is part of a complaint, report or notification about alleged improper conduct of a person made in accordance with an authorised procedure);
  - Gambling;
  - Accessing chat lines not associated with work;
  - Transmitting inappropriate jokes;
  - Sending of inappropriate programs or mail;
